SUMMARY

Experienced and intentional product designer with a strong focus on delivering high-performing web and mobile designs. With 3 years of industry experience, I consistently strive to create impactful solutions by combining creativity and user-centered design principles. Passionate about problem-solving through effective, visually appealing designs that optimize user experience.

SKILLS

Core: Product Design, User Interface and Experience Design, Interaction Design, User Research, Usability Testing, User Flow, Wireflow, User Journey, Wireframing, Prototyping, Design Thinking, and Service Design.

Tools and Technologies: Figma, Framer, Miro, Google Workspace, HTML, CSS.

EXPERIENCE

Semicolon Africa, Lagos - *UI/UX Designer*

SEPTEMBER 2022 - DECEMBER 2022

- I collaborated with the Product and Engineering team to build a social learning platform, [ENUM](#), where learners improve their learning, get upskilled, and get recruited, enabling Semicolon as an institution to improve productivity, generate revenue, and scale quickly.

301 HAG COOPERATIVE- *UI/UX Designer*

SEPTEMBER 2022 - JANUARY 2023

- I collaborated with a team of product managers, developers, and designers to design [301 HAG COOPERATIVE](#), a fintech cooperative focused on financial inclusion and wealth preservation for its members.
- I was responsible for designing the Admin section.

Oja Now- UI/UX Designer

JUNE 2022 - OCTOBER 2022

- I collaborated with a team of developers and designers to design [OjaNow](#), a high-rated e-commerce platform for customers to make purchases conveniently.
- I was responsible for co-designing the Admin section and Customer Rep section.

Munjin, Lagos - UI/UX Designer

NOVEMBER 2021 - FEBRUARY 2022

I worked as a product design intern in a small team of Java developers. Munjin is an AgroTech organization that solves agro data problems by utilizing data from reliable sources, enabling food production companies to develop suitable techniques for food production and preservation.

BeTechified, Lagos - Product Design Instructor (Part-time)

DECEMBER 2025 - TILL DATE

Developed original instructional content used for cohort-based training programs. Created structured digital learning materials, including recorded lessons and presentation decks aligned with program objectives. Led weekly live virtual classes and actively supported students through real-time Q&A and cohort communication channels. Maintained consistent engagement with learners and stakeholders while meeting strict content and delivery timelines.
